Metcalfe and Bergen Score in Boxing Show

Little 75-pound Johnny Metcalfe of Camp Taylor and hard-punching Bobby Bergen, 127 pounder, gave a scorching impressive win in the county-wide boxing show at Valley Friday night. The Jefferson County Playground and Recreation Board carded 11 bouts including boys of all weights from the county recreation centers of Okolona, Fincastle, Shively, Higwiler, Camp Taylor and Faldale.

The crowd of 250 enthusiastic fans paid \$30.05 to see the boys perform and went home feeling that they had seen more action and better matches than anything presented around the Fall Cities in several years. The peanut whites, Woody Young, Charley Holbrook, Dan Medley, Leonard Medley and Sonny Powell "licked the crowd pink." The little fellows, ranging in weight from 39 to 75 pounds, were in there to battle, and battle they did, standing toe to toe and matching punch for punch. All 11 bouts were won by decision. Results follow: Gene Swops, 132, Shively, won over Joe Metcalfe, 128, Camp Taylor; Bobby Bergen, 127, Higwiler, over James Isaac, 129, Okolona; John Metcalfe, 75, Camp Taylor, over Charley Holbrook, 102, Okolona; Bobby Mowery, 102, Fincastle, over Jimmy Jackson, 100, Shively; Frank Holbrook, 75, Okolona, over Woody Young, 72, Higwiler; Freddie Sharenburg, 117, over Lewis Murphy, 117, Okolona; Earl Miller, 109, Fincastle, over George Schneider, 105, Camp Taylor; Leonard Medley, 110, Shively, over Sonny Powell, 109, Fincastle; Bill Kaufman, 123, Higwiler, over Tommy LaLonde, 124, Okolona; Dan Medley, 130, over Earl Hampton, 141, Camp Taylor; Carmen Fletcher, 110, Higwiler, over John Hays, 109, Shively; Roger Medley, 73, Shively, over Leroy Pulliam, 82, Higwiler; Sammy Kalk, 103, Shively, over Tommy Soginski, 100, Shively.

WOMAN'S DAY SPEAKER
HOWARD R. DUNCAN, director in the department of church development and evangelism of the Home Missions Division of the United Christian Missionary Society, will speak at the Jeffersonian Christmas Church, December 1, Woman's day, at 11 a.m. Mr. Duncan is supervisor for the department of church development and evangelism of the Home Missions Division of the United Christian Missionary Society, which work takes him to various southern areas, including Louisiana and Texas, where the Christian churches have missions among the French and Mexicans. He is a former pastor of the Christian Church at LaFontaine, Indiana.

Veterans' Farm Program
At Jeffersontown High

All veterans who are farming or are planning to farm during the next crop season should contact the Veterans Administration or the Agriculture teacher at the Jeffersontown High School and will fill out their application for the Veterans Training Program.

The next scheduled group begins January 1, 1947. It will probably be another year before the next date for entering. Any veteran with over ninety days of service and has an honorable discharge is eligible to enter the group, provided he has a place to farm or can make the necessary arrangements.

Due to an error caused by misplacement of last week's edition, it was stated that the War Memorial dance held Tuesday at 8 p.m. was sponsored by the Buechel Civic Club. We wish to correctly state that the dance was sponsored by the Memorial Cinema.

Survivors include his parents, Mr. and Mrs. C. S. Shane, four brothers, Robert Shane, Charles Shane, John Shane and Emmett Shane, and four sisters, Miss Olive Shane, Ethel Shane, Virginia Shane and Mary Shane.

Baptist Training Union
To Meet December 8

The Long Run Baptist Association Training Union Mass Meeting will be held at the Walnut Street Baptist Church, Friday, December 6, at 7:45 p.m.

Dr. M. T. Rankin, secretary of the Foreign Missions Board, will be the speaker. He has returned recently from a tour of the mission stations of China and Japan. His subject will be "Christ above all in our hearts." There will be good music. The public is invited.

THANKSGIVING GREETINGS
Thanksgiving will greet dinner tables all over the county on Thanksgiving Day with warm, colorful Thanksgiving greetings, like those shown above with which friends and relatives will extend to one another warm wishes for the holiday. Dressed in bright autumnal colors and featuring Thanksgiving themes associated with the day, Thanksgiving greetings are becoming an ever-increasingly popular custom.

Big Accident Toll; Walkins Issues Warning

Frankfort—With 23 dead as a result of traffic accidents in October, Kentucky's highway toll reached the highest total since December, 1941, when 103 people were killed. J. Stephen Watkins, Commissioner of the Kentucky Department of Highways said today. The statement followed receipt of a report compiled in the office of the Kentucky Highway Patrol. A total of 483 accidents, 314 injured and 83 deaths were shown for the month.

The increase in traffic as recorded by our automobile traffic records is reflecting itself in a steady increase in traffic accidents. Mr. Watkins said. "Traffic this year has been comparable with the traffic in 1941, and unless more care is exercised on the highways, this holiday season will bring an even greater total of highway tragedies. There were 83 deaths on the highway in October, 1941; 49 in 1942; 34 in 1943; 47 in 1944 and 69 in 1945.

The Kentucky Highway Patrol has been directed to exert every effort to prevent violations which may be the cause of these accidents.

"Seashore To Glacier" Motion Picture Subject

From the southernmost specks of land in the Great Florida Reef, the Dry Tortugas Islands, through the Middle West to the glacier-clad mountains of Northwest Montana is the scope of Karl Maslovski's all-American picture "From Seashore to Glacier".

Mr. Maslovski comes to Louisville to present the picture "From Seashore to Glacier". The film begins at historic Fort Jefferson, known as "The Ghost in the Gulf", which is located on one of the keys that comprise the Dry Tortugas, some 120 miles off the coast of Florida. Sand sharks and barracudas are shown in action and such sea creatures as the Portuguese Man-of-War and starfish, Pelicans and a few migrant birds in the region are pictured.

The film ends in the glacier-clad mountains of Northwest Montana.

A stop-over in the Miami Beach, Fla., section of the picture shows the seashore and the scarlet tangerines including the rare sight of a perfectly wild turkey. The picture is being presented and led by Edna Maslovski.

The film ends in the glacier-clad mountains of Northwest Montana.

Thanksgiving—1946

THE first Thanksgiving Day was celebrated by the New England colonists after their first harvest in 1621. "Eat us come before this time," said the Pilgrims to the Indians. This was the theme of our first Thanksgiving, just as it is today as the text for Thanksgiving, 1946.

We have much to be thankful for: A nation that not only is producing enough food for its own, but also to furnish to the starving of other nations. The end of a war, the return to many of our best men and women with a world seriously trying to develop a lasting peace formula.

Attractive Property Changes Hands Here

B. C. YEAGER BUYS MAIN STREET SITE

One of Jeffersontown's principal business locations changed hands yesterday. The property on the corner of Main and Market streets was purchased by B. C. Yeager, groceryman, operator of the business portion of the property.

The property, which consisted of the Wells grocery and several first and second floor apartments, was for many years known as the Wells property.

Mr. and Mrs. Yeager have plans, although still incomplete, for a larger and more modern food market. Mr. Yeager said yesterday that he had been cramped for space for some time. While present conditions forced making any definite announcement, the new market would be a very modern store, with a large and modern food market.

State Welfare Dept. Giving More Assistance

It's early observance of recent federal legislation, says the Department of Welfare at Frankfort, Kentucky public assistance recipients to receive \$13,416 more in October than they did in September. To the needy individuals this represents a 44.7 per cent increase in their allowance. There is a 1.1 per cent increase in the number of those receiving benefits.

Those receiving old age assistance got \$5.05 more than they did in September. Aid to dependent children averaged \$13.89 per family, and the aid to the needy blind was increased \$4.67. The old age assistance rolls are said to be increasing, although the Old Age Assistant program is serving fewer now than a year ago. Aid, both to dependent children and to needy blind, is going to more individuals.

Evidence that more and more people are becoming aware of the benefits the assistance programs offer is to be found in the fact that applications are increasing very materially.

Business Men Here To Request Street Repairs

Jeffersontown merchants and business executives met in semi-monthly session at the Murphy Restaurant Monday evening. The management at Murphy's again did themselves and the business group. The meal served was a Thanksgiving-plus feast. Turkey, ham and a number of vegetable dishes, salads, etc., made up a delectable menu.

Following the meal, with W. C. Dieruf as chairman for the evening, the men went into a talking shop, taking up the subjects of signs to be placed on the highways at the city limits. It was decided to take the matter up with the State and County officials, to be contacted by several members of the group.

Attention was called to recent improvements on Main Street. New sidewalks were laid in front of the city hall, the new sidewalks were laid in front of the city hall, the new sidewalks were laid in front of the city hall.

Mr. Strull, of Anchorage, one of the Flying Squadron, led the group in a game of all types.

Mrs. Mildred Brobeck, of Fincastle, took the smaller children upstairs and read them their "Fairy Tale." Then they played board-games and also one game that went over big with the children. Boys and girls were given slips that told them to act like the slip said while the other children guessed what they were trying to do. This brought lots of laughs because some of the acting was very comical.

At 8:30 p. m. Mrs. Connie Haynes and E. R. Goner had a supper prepared, which we all enjoyed very much. Then the group had their evening church service.

Sunday was a gloomy day outside but a happy day inside the Jeffersontown Methodist Church. The "Flying Squadron" will visit the church every Sunday afternoon at 2 p. m. so all should plan to be there.

FERN CREEK GRADE SCHOOL
The Fern Creek Graded School 4-H Club held its first meeting for the year November 11. About 30 boys and girls were present and all of them are looking forward to this year's work. Mrs. Word, home demonstration agent, and Mr. Brown, county agent, were all present.

The following were elected: President, Nancy Cox; vice president, Charlotte Hawkins; secretary, Shirley Roman; treasurer, Elizabeth Welsh.

Mrs. Medcalf a member of our P. T. A. is going to have charge of our sewing projects this year and we are beginning our work next Monday.

Mr. Brown will have charge of the boys' work. Each boy and girl will have a project for the year and all of us will have to make this year's record even better than last year's.—Elizabeth Welsh, reporter.

Disability Payments To Veterans Hls New High

Over 10 percent of World War II veterans, totaling 1,647,000 are receiving combat disability benefits as a result of disabilities incurred in the armed forces, it was announced this week by the Veterans Administration officials.

The average monthly payment for the disabled veterans is approximately \$42 dollars. VA in very compensation payments for service-connected disabilities range from \$18.40 a month to \$80 a month, depending upon the degree and type of disability.

About 25 percent of the veterans of World War II have filed claims with VA for disability benefits. Another feature of the day will be the annual Christmas party—Mrs. P. L. Hippie.

Mr. and Mrs. Robert Carney and family were guests Sunday and Monday of Mrs. C. E. Phillips, Mr. and Mrs. Whitehouse.

Leaders Among Weekly Press Favor Program

Enthusiastic approval of a program to sell "the solid benefits of the American way" to the American people "against the competition of the glittering promises of the Collectivist way," was voiced by top editors in the nation's field of weekly journalism meeting in Chicago last week.

Members of The Advisory Council of the National Editorial Association, whose 3,500 weekly newspapers include outstanding examples of the importance of the country's "home-town" press, convening in the Edgewater Beach Hotel, heard "the problem" as outlined by the National Association of Manufacturers and the method by which it is to be attacked.

THE PROBLEM. Presentation of the outline by Carl Helm, editor of the N.E.A.'s Industrial Press Service, was followed by the voiced approval of members of N.E.A.'s Advisory Council, which includes representatives of many of the State Press Associations and leaders in the non-metropolitan rural press.

It is Now generally agreed by competent analysis of current affairs that the great issue of the times is how far the state should go in organizing activity—or conversely, how much of the organization of the state should be left to individuals and groups of individuals (business) competing for public favor in a free market.

"It is Sometimes called the issue of Competition vs. Bureaucracy as the regulating force in our economy. It is perhaps best characterized as the issue of Collectivism vs. Enterprise."

Confusion about this term, Collectivism. Some people think it is synonymous with Communism. All Communists are Collectivists, of course. But not all Collectivists are Communists. On the other hand, the Collectivist ideology has penetrated into the thinking of many segments of our Society that are as American as apple pie.

"A Recent Study of the spread of Collectivist thinking in America by the Opinion Research Corporation shows that the American people as a whole are not slightly right; of center in their views on free enterprise (as determined by their opinions on 10 key issues including government ownership, regulations, loans to business, limitation of salaries and profits, price and wage controls and job responsibility.)"

"Definitely Left of center and disloyalty to the left of the general public are such large groups as labor (with union labor farthest to the left), people in large cities of 50,000 and over, and the lower-income segment of our population. Even veterans and people under 45 years of age are slightly left of the general public in this poll. Moreover, the difference in viewpoint disclosed by this study is that between business executives, farmers and small businessmen, and union labor, as far as the left of the public."

USE THE CLASSIFIED ADS—THEY GET RESULTS.

THEY TAKE THRONE AT EASTWOOD

Roy Strango, son of Mr. and Mrs. Walter Strango, and Joyce Bryant, daughter of Mr. and Mrs. W. A. Bryant, will meet at Eastwood School's fall festival. Their class (seventh and eighth grades) received \$137.50 in the contest for high hopes.

WE KISS THE BOOK

Every day of the year, more than 300,000 Catholic priests read a portion of the Gospel before their congregations; but first they bend low over the altar and pray:

"Cleanse my heart and my

lips, Almighty God, who didst cleanse the lips of the Prophet Isaiah with a burning coal; and vouchsafe, through Thy gracious mercy, so to purify me that I may worthily proclaim Thy Holy Gospels through Christ, Our Lord."

After the priest has finished, he kisses the book. While he has been reading it, his congregation has been standing out of respect for the Word of God.

Every priest, too, reads the whole of the Father's least once a week—150 Psalms. And most priests read a chapter of the Bible privately. One can buy a Catholic New Testament for as little as twenty-five cents; the whole Bible may be had at between one and two dollars, depending on the binding and quality of the paper. They are on sale at all Catholic bookstores and publishing houses.

Pope Leo XIII granted to Catholics who shall read for at least a quarter of an hour the books of the Sacred Scripture with the version due to the Divine Word and as spiritual reading, an indulgence of 300 days.

In 1920, Pope Benedict XV published an Encyclical Letter subject because, as he said, "The responsibility of our Apostolic office impels us to set before you his wonderful example and to promote the study of Holy Scripture in accordance with the teachings of our predecessors, Leo XIII and Pius X."

The "wonderful example" referred to is that of St. Jerome (340-420), who translated the whole Bible from its original language into Latin, and who warned the Christian world that "ignorance of Scripture is ignorance of Christ."

All in all, the Catholic Church has amply shown her love for the Bible by preserving it, by spreading the knowledge of it, by using it in her worship, by encouraging Catholics to read it, and by defending it against those who would change it, add to it, or deny that it is inspired—and thus make it an ordinary human book.

For explanation of anything Catholic ask a Catholic. Write Rev. Jos. A. Newman, Director, Catholic Information Society, St. Helen's Parish, Shively, Ky.

First Thanksgiving Held in America

"Now, therefore, I do recommend and assign Thursday, the twenty-sixth day of November next, to be devoted by the people of these States to the service of that great and glorious Being, who is the Beneficent Author of all the good that was, that is, or that will be; that we may then and there render unto Him our sincere and humble thanks for His kind care and protection of the people of this country, previous to their becoming a nation; for the signal and manifold mercies, and the favorable interpositions of His providence, in the course and conclusion of the late war; for the great degree of tranquillity, union, and plenty, which we now enjoy; for the peaceable and rational manner in which we have been enabled to establish constitutions of government for our safety and happiness, and particularly the late one now lately instituted; for the civil and religious liberty with which we are blessed, and the means we have of acquiring and diffusing useful knowledge; and, in general, for all the great and various favors, which He has been pleased to confer upon us."

BUDGET HELPERS FOR THE HOUSEWIFE

Ground Meat
Although more meat is available today, Mrs. Housewife can continue to make good use of the meat she has on hand during the period of scarcity. There are a number of ways which offer many opportunities for variety and at the same time are easy on the budget.

Liver
The meats pictured above are excellent examples. Most housewives include them in their family meals, but more often than not the ways in which they are served are very limited.

As a matter of fact there are almost endless possibilities for using these meats in preparing dishes that are different. A few suggestions are given here.

Meat Cups—Creamed Potatoes
Combine 1 pound ground beef, 1/2 cup dry bread crumbs, 1/2 cup milk, 1 teaspoon salt and 1/4 teaspoon pepper. Line ungreased muffin pans with meat mixture to a thickness of 1/4 inch. Fill with creamed potatoes and bake in a slow oven 45 minutes.

Meat and Potato Roll
Combine 1 1/2 pounds ground meat, 1/2 cup cracker crumbs, 1 egg, 1/2 cup milk and 1/4 teaspoon pepper. Spread on waxed paper 1/4-inch thickness, making a rectangle about 6 x 10 inches. Spread with 2 cups mashed potatoes (use sweet potatoes if meat is pork). Roll like a jelly roll. Place in roasting pan and bake 1 1/2 hours in a moderate oven.

Meat-Potato Rolls
Combine 1 pound hamburger, 2 cups coarsely grated unpeeled potato, 1/4 cup grated onion, 1 1/2 teaspoons salt and 1/4 teaspoon pepper. Mix well. Shape into 8 patties and broil or panbroil slowly until done.

Liver Chop Suet
Cut 1 pound liver in 1" x 1/2" strips. Cook in 4 tablespoons lard or drippings 5 minutes. Add 1 cup sliced celery, 1 cup sliced onions. Cook 5 minutes. Add 1 can Chinese vegetables and liquid and 4 teaspoons soy sauce. Simmer until meat is thoroughly cooked, about 1/2 hour. Season, thicken. Serve over hot rice.

Liver Spoon Cakes
Cook 1 pound sliced liver in 2 tablespoons drippings in frying-pan about 5 minutes. Grind liver; add 1 teaspoon salt, 1/4 teaspoon pepper and 2 eggs, well beaten. Mix well. Drop by tablespoons into hot shallow lard or drippings. Brown well on both sides.

Liver Loaf
Cook 1 1/2 pounds sliced liver in 2 tablespoons drippings 5 minutes. Grind liver. Combine with 1 cup bread crumbs, 1/2 cup milk, juice of 1/2 lemon, 2 tablespoons tomato catsup, 1/2 cup pork sausage, 1/4 teaspoon paprika, 1 small onion, 1 teaspoon salt, 1 egg, beaten, 1 teaspoon salt, and 1/4 teaspoon pepper. Mix well. Turn into a loaf pan lined with bacon. Place bacon strips on top. Bake in moderate oven, 1 hour.

Frankfurter Spaghetti
Slice 1 pound frankfurters in 1/4-inch pieces. Brown frankfurters and 1/2 cup diced onion in 1 tablespoon lard or drippings. Add 1 teaspoon salt, 1/4 teaspoon pepper, 1/4 cup tomato juice and 3 cups cooked spaghetti. Simmer until thickened. Brown 1/2 pound whole frankfurters. Serve spaghetti.

Frankfurter—Green Bean Casserole
Slice 1 pound frankfurters, 1/4-inch thick. Brown in 2 tablespoons drippings. Stir 5 tablespoons four into drippings, add 2 cups milk and 1 teaspoon salt. Cook until thickened. Add 1 tablespoon Worcestershire sauce, 1/4 cup grated cheese and 2 cups green beans. Combine with frankfurters. Bake in moderate oven 40 minutes.

Barbecued Frankfurters
Arrange 3 1/2 pounds frankfurters in shallow pan. Pour Barbecue Sauce over them. Bake uncovered 30 minutes in a moderate oven.

To make Barbecue Sauce: Brown 1 medium onion, chopped, in 2 tablespoons margarine or butter. Add 2 tablespoons vinegar, 2 tablespoons brown sugar, 4 tablespoons lemon juice, 1 cup catsup, 3 tablespoons Worcestershire sauce, 1/4 cup water, 1/2 cup grated celery, salt and red pepper. Simmer 30 minutes.

STUDENTS WORK FOR FESTIVAL

All these Eastwood School students were grade sponsors who took part in the school's recent fall festival, wherein were sponsored a king and queen. First row from left, Billy Ray Morgan, second grade; Marion Davis Morgan, third grade; Jane Whitely Lloyd, third grade; Rita Roby, second grade. Back row, Joe Whitlow, fourth grade; Roy Shinn, King and Joyce Bryant, Queen, second grade; Henrietta Morris, fourth grade. A fund of several hundred dollars was accumulated for the benefit of the school.

Six Girls and Boy Win in Homemakers

Wendell Strough, 17-year-old freshman in agriculture at the University of Kentucky, was named state 4-H club champion, and with six girls won in other homemaking projects, will attend the National 4-H Club Congress in Chicago, Nov. 30 to Dec. 6. It was announced at the College of Agriculture and Home Economics.

For the fifth year, young Strough, whose home is in Oldham county, assisted his mother with the canning, and this year he put up 1,273 quarts of food. He canned 474 quarts for the family, 235 quarts for the local school, 800 quarts of tomato juice for the hospital and the remainder, for neighbors and friends.

Jessie Mae Champion, 17, Anderson county, winner in fish, helped cook or prepare 14 meals. Elaine Gardner, 18, Fayette county, excelled in an all-around club girl and will enter the next contest in Chicago.

Nancy Jo Head, 16, Oldham county, won the state dress made at Junior Week at Lexington, when she modeled a garment evening dress she had made.

Doris Elaine King, 18, Garrard county, worked 1,238 hours while preparing meals, assisting with sewing, washing, ironing, cleaning, Saturday cleaning, and other jobs.

Auburndale P-T-A Hears About County Recreation

The P-T-A of Auburndale School, on Old Third Street Road, is interested in the program of the Jefferson County Playground and Recreation Board. Charlie Vetter, county recreation supervisor, was guest speaker at this afternoon's meeting of the organization.

In his remarks the recreation supervisor pointed out that since Auburndale community had organized its recreation committee this fall to work with the Jefferson County Playground and Recreation Board that there had been lots of competition by the young boys of the area in the county football contests and the social side of the recreation picture.

The Kenwood Teen-Age Club, which is the pride of the Auburndale Recreation Committee, came in for its share of recreational glory.

The community is greatly interested in promoting a summer playground on the school property. With the heavily populated area having a definite need for recreation, the playground dream may become a reality.

CIVIL SERVICE EXAMS

The United States Civil Service Commission has announced an examination to fill positions of Trainee and Field Examiner positions in the National Labor Relations Board. The examination is to be held at the Jefferson County Courthouse, located through the county. The salaries range from \$2,640 to \$5,000 a year.

To qualify for these positions, applicants must have had from 3 to 6 years of responsible and successful experience in the field of labor relations. Appropriate college or law school study or membership in the State of a State Territory or the District of Columbia may be substituted for the experience. Graduate study in law or subjects relating to labor relations may be substituted for the additional year of experience. Competitors will also be required to take a written test. Age limit for Field Examiner is from eighteen to thirty-five years. For Examiner - Trainee, from eighteen to thirty-five years.

These age limits will be waived for veteran preference applicants. Further information and application forms may be obtained from the Commission's Local Secretary, C. F. Williams, located at Anchorage, Ky., or from most first and second-class post offices in the Louisville area.

The United States Civil Service Commission, Washington 25, D. C. Applications must be received in the Commission's Washington office not later than December 3, 1948.

Thanksgiving

HERITAGE FROM PLYMOUTH - A few days ago a small ship sailed its way across the Atlantic ocean in the fall of 1620. One hundred and two colonists were crowded into the limited quarters of that little ship. Religious oppression had driven the Separatists from England to Holland. Now their search for freedom had taken them to the new world. It was not until 1633 that this brave band held Thanksgiving Day as we know it now. Church services were then held in the morning, followed by feasts in each home. "The poorer sort were invited of the richer."

News By Mrs. F. B. Smith

There were 239 at Beechland Sunday and a good collection was received for the two orphanages. The Florida Class held their monthly meeting last week at the home of their teacher, Mrs. W. C. Kennedy, with 20 present. It was greatly enjoyed.

Reverend Dill and family will enjoy an all-member reunion on Thanksgiving Day.

Mr. and Mrs. W. G. Cowley of Greenwood Road, next door to the paragon, have also planned to have their family get-together on Thanksgiving.

It all brings happy memories of childhood to the writer, when both parents were alive and days so carefree. Transportation then was by job-wagon, sled or horseback, that furnished many thrills and much laughter.

Mrs. J. M. W. Wakefield and mother of Crestwood visited Mrs. L. D. Scott and the Garey family Sunday a week. The mother, Mrs. C. C. Duncan, and son, spent the day recently with Mrs. Eva M. Fox.

SMOKE RINGS

By - Charlie Vetter

Copyright Applied For

Hand me a match, Oakley - We've got some musical smoke rings to blow out across Jefferson County.

A couple of deep pulls on "Old Betsy" and out go a couple to Margaret Kammerer and Helen McBride, county music supervisors.

These two gals are putting a lot of punch into that song-writing contest which is going to produce a theme song for Jefferson County.

Yes, Helen, Smoke! got the message you sent by Flossie. The Farmer versus long attendance at the county fair. I will find in your hands mimeographed copies of the rules of the contest and the prizes.

For more information around the Fern Creek area see if Everett Farmer won't spread the news. The prizes are \$100, \$50, \$25, and \$10 in one-dollar bills and the boys and girls who finish behind this place.

The Jefferson County Post is putting up the \$200 in prize money and the Jefferson County Playground and Recreation Board is sponsoring the song-writing itself.

Out there at Penile is a lad who comes in with a song. It's that little Harold Leming who might win that \$100 if Bob Judd and Donnie Cantrell would help him.

How about a song from you, Dave Knight, and Ray Rice? Herb, out there at Okoloma? Or Ring? It's pretty safe in guessing that a Christal got for a hundred bucks' worth of baseball tickets to see the Louisville Colonels play.

This song-writing contest is going to be great recreation and good fun for all of you fellows and gals in grades 7, 8, 9, 10, 11, 12 to start getting ready.

Whether you go to a colored, Catholic, or school of any kind in Jefferson County you are eligible to write. You can write a song.

Just Juants, Yung, LaVern, Bales, Roy Miles or any of those kids who went to Fairdale while they were in school. They'll tell you about the song he wrote and they still sing - It's "Bunch of kids" on all of the Bunch of kids' songs.

Think, think, think. I've got a Bunch of kids' song. Between you and me, there should be lots of money in your neighborhood.

In case you need more song writing coaches out in the Bluegrass, I'll send you a word or two like to suggest Rachel Watson, Florence Holton and J. C. Kirchner.

After all, \$200 is a lot of "dough" in prize money and 25 county kids are going to collect this amount at the office of the Jefferson County Post in the Pioneer Building.

Sue, you've still got time to get going before the rules call for a deadline. You can win.

We had hoped to be able to present E. P. White, county commissioner, but he was unable to be present. He was in the hospital.

Don't worry about the April 1st deadline. It's a long time off. It won't be an April Fool's Day joke.

It is curious to Smoke that this song-writing contest, sponsored by the Jefferson County Playground and Recreation Board, would be a great way for Teen Age kids to raise money for their own recreation.

How about those teen-agers, who all go to the same school, get together and writing the song as a group? You think Vickers Herber has any composers registered. All right, Sarah or Don Scott could write a county song!

That just reminded Ring of some song writers over in Viking Harbor who would know just what to write. They're just getting started. It's a good idea. It's a good idea.

Valley Fool poets would be amazed next summer to see the stalwart figure of Don mount the high dive, clad in a new swim-suit, and cut and run back "The Jefferson County Theme Song."

How about it, Don - you gonna write a song? That's Smoke Ring's last pull on "Old Betsy" so start writing music.

Mill Creek Calls For Recreation Program

Mrs. Leona Gutermuth, progressive principal of the Mill Creek School at Shively, called on the Jefferson County Playground and Recreation Board to lay out the school playground in order to get the maximum use of the space available. According to "Miss Leona" there is a need for six soft ball diamonds for use by the boys and girls of the Mill Creek School. Besides these, she wants planned play ground which will be up to date in every respect.

Charlie Vetter went over the area with Mrs. Gutermuth and promised that he and his assistants, Oakley Brown, and supervisor, will lay out the facilities. Facilities are available for development of horseback polo, badminton, track and tennis.

Recreation Art at M-town Okoloma, Camp Taylor

Art is the recreation which young people go for in Camp Taylor, Middletown and Camp Taylor. Supervisors Christine Coppage, Pauline Harmon and Robert Marquess are planning attendance at arts and crafts sessions at the three respective camps.

COUNTY RECREATION

County Hockey Tourney Monday and Tuesday

The girls' high school hockey championship of Jefferson County will be decided Monday and Tuesday when the Jefferson County Playground and Recreation Board will enter its county-wide hockey tournament.

Five teams are entered in the meet on Valley Hill, Jeffersontown, Okoloma, and Anchorage. Mudge Charnoli, who coaches the Valley girls, has entered two teams from the Dixie Highway school while each of the other county high schools have entered one. Anchorage is coached by Zera DuVal, Okoloma by Mary Morgan and Jeffersontown by Betty Landis.

The meet, which is to be played in Seneca Park, is attracting a lot of interest throughout Jefferson County, since the hockey games marks the return to athletic competition by county girls. No admission will be charged for the games.

County Recreation Commission has acquired another one-half acre of ground for summer playground use.

Camp Taylor Teen Age Club house is rapidly taking shape. Lack of building materials is checking progress right now.

Robert Marquess, Canan recreation chairman, announced that the recreation community house at Canan Run will be ready shortly. This gives Canan Run something few communities have, a recreation house.

Charlie Vetter starts his clinic tour over Kentucky December 10. Over the week he made recreation speeches at Hazard, Bowling Green and Madisonville.

Colored children, Nelson Gooden, Newburg, James Wilson, Jeffersontown, Hayes Kennedy, Harolds Creek, and Louis Brown, are among the staff of the Jefferson County Playground and Recreation Board at the recent meeting in December.

The Flying Squadrons of the Jefferson County Playground and Recreation Board have serviced 1000 centers during the past week.

Oakley Brown, assistant supervisor of county recreation, did a wonderful job in conducting the boxing show at Valley, Friday.

Rotary Club and P-T-A Hear Recreation Talks

The St. Matthews Rotary Club heard Charlie Vetter, county recreation supervisor, outline the county recreation program at their regular weekly dinner meeting Wednesday night. According to the supervisor, recreation is the most successful of all community activities because adults get behind the program and make it their own.

The Rotary Club, at the conclusion of the banquet, voted \$75 to the St. Matthews recreation committee for furthering the recreation project in the fast-growing area.

The local committee, it was announced, is preparing for a minstrel show, to be presented at Memorial Auditorium, for the purpose of raising funds to cooperate with the Jefferson County Playground and Recreation Board's program. Already \$2,700 worth of advertising has been sold for the minstrel program.

On Friday the Auburndale P-T-A heard the recreation how to occupy the minds of their sons and daughters in a wholesome way.

Each year as I make my annual trip over Kentucky, as field representative of the Kentucky High School Athletic Association, I have always made it a point to observe how and where young people spend their time.

From my morning to the Pennsylvanian, boys and girls are in the same. Where there are no machines to the Pennsylvanian, boys and girls are in the same. Where there are no machines to the Pennsylvanian, boys and girls are in the same.

There is only one conclusion to draw. We can save a lot of Future America by providing the boys and girls with a lot of doing nothing, contribute to delinquency.

It's easiest to do nothing - it's better for the inner man to go to bed. You'll get less criticism by doing nothing - you'll have more stars in your eyes when you wake up.

The time has come when the nation must realize that its lifeblood is its youth; schoolmen must have long-range vision with a full knowledge that the best teacher is one who does nothing for her pupil beyond the walls of duty.

You just can't divide boys and girls into good and bad and say this group is naturally bad and this group is naturally good. They learn to be bad and they learn to be good.

From the time they are born, every child has a natural tendency to do good. It is only when the child is placed in a bad environment that he learns to do bad.

Future America is in the making.

COMING EVENTS CAST THEIR SHADOWS... Even though he is a well-known little league American, he can't make up his mind whether to advance or retreat as he awaits the space moment to open an offensive on King Tigger, whose well-rehearsed press conference went off with most of Thanksgiving dinner.

FIFTH DISTRICT P-T-A. Fifth District P-T-A. December meeting is scheduled for Dec. 5, at the P-T-A. building in Louisville, at 10 a.m. The meeting was called by the president, Mrs. W. F. Atow.

FINCASTLE BOOMING

By Mildred Bradback

The Fincastle Teen Age Canteen, sponsored by the Jefferson County Playground and Recreation Board, is growing by leaps and bounds. There are 66 active members. The canteen is the most talked-of place in Jefferson County.

Mr. Art Gehring has three of Fincastle's boys ready for Friday night's bout at Valley. Bobby Mowery, Sonny Powell, and John Rice will bring back honors to Fincastle. We feel these three and many more will go to the Golden Gloves.

The Recreation Committee is sponsoring a dance Saturday night, November 30. Miss Flansdy will present a complete new floor show. All proceeds will go to finance our winter and spring recreation program.

The Teen Age Canteen gave an entertainment Thursday night, November 14. It was a big success. The canteen has a large attendance. After the show, the Teen Agers and parents played games in the play room and danced to a photograph in the lounge. A wonderful time was had by all and our aim is to give the Teen Agers an entertainment quite often.

The boxing is progressing. Bobby Morrey is getting a stiff training; also Sonny Powell and one of our other future champions. Art Gehring is the one in back of the boys and pushing them forward into the boxing ring.

We are trying to organize a basketball team. Quite a few boys are interested. We would love to have a team, but there are a few problems to be solved. We are finding a gym to practice in and arrange transportation, but we believe we will be able to lick these problems in time to play in the Jefferson County tournament.

The Recreation Committee is holding a meeting Monday night, November 18. We are going to elect committees to help with our winter and spring recreation program. We are going to elect committees to help with our winter and spring recreation program.

County Girls To Play Basketball

Another announcement from the Jefferson County Playground and Recreation Board has it that girls' recreation is to keep moving forward after the hockey season closes. Basketball is on tap with girls' teams playing under girls' rules.

All six of Jefferson County's Fairdale schools will field teams at the county basketball tournament, Jeffersontown, Okoloma, and Valley. The program of the Jefferson County Playground and Recreation Board recognizes the need for recreation among girls as well as boys.

recreational standpoint. It was noted that the Kenwood Teen Age Club, the football clinics held by the county recreation program, called for 100 percent support of the program which was the most worries which have been in the minds of parents. The county recreation program is to review the progress of its sons and daughters in a wholesome way.

Valley Fool poets would be amazed next summer to see the stalwart figure of Don mount the high dive, clad in a new swim-suit, and cut and run back "The Jefferson County Theme Song."

How about it, Don - you gonna write a song? That's Smoke Ring's last pull on "Old Betsy" so start writing music.

Mill Creek Calls For Recreation Program

Mrs. Leona Gutermuth, progressive principal of the Mill Creek School at Shively, called on the Jefferson County Playground and Recreation Board to lay out the school playground in order to get the maximum use of the space available. According to "Miss Leona" there is a need for six soft ball diamonds for use by the boys and girls of the Mill Creek School. Besides these, she wants planned play ground which will be up to date in every respect.

Charlie Vetter went over the area with Mrs. Gutermuth and promised that he and his assistants, Oakley Brown, and supervisor, will lay out the facilities. Facilities are available for development of horseback polo, badminton, track and tennis.

Recreation Art at M-town Okoloma, Camp Taylor

Art is the recreation which young people go for in Camp Taylor, Middletown and Camp Taylor. Supervisors Christine Coppage, Pauline Harmon and Robert Marquess are planning attendance at arts and crafts sessions at the three respective camps.

OLD FAVORITE TIMELY NOW

"There are no complaints from the family when Spaghetti and Meat Balls play the main dish role at dinner. For times when ground beef is the only fresh meat you can buy. A little meat goes a long way in small, juicy meat balls; and spaghetti extends the good beef flavor still more."

NEW LAMPS GIVE MORE LIGHT

Here's a shopping tip for the homemakers who are thinking of replacing a lamp or two in their living room.
There are inexpensive table lamps now on the market in which a new lighting principle has been incorporated to give you a tremendously greater spread of light, and at no greater operating expense.
These bargains in home lighting outwardly look the same as pre-war lamps, but peek under the shade and you can spot the trick that has been used by the designer to throw usable light over a 147 percent larger area.
He has simply sunk a plastic socket into the base of the lamp, instead of perching it at the top of the lamp base. This submerging of the socket allows the bulb to be lowered about two inches so that less light is cut off by the shade.
The accompanying sketches show how this deep-set socket increases the spread of light over a wider area—with the same lamp, same size shade and same wattage bulb. The intensity of soft, glareless light is said to be 80 percent greater, too, and at the normal reading position (about 20 inches from the base of the lamp) it gives two-thirds more light.
Another bargain for your lighting dollar is to be found in the table lamp which features the innovation of the inverted socket—that is, the bulb is suspended, upside down, from a metal arc. This lowers the point of the filament of the bulb (the business end) so that a greatly increased spread of light is possible.
Here again, there's less light cut off by the shade, so that there is 82 percent more illumination around the base of the lamp. You can see from the accompanying sketch why this is so.
There's another innovation on this lamp that you will like, especially when groping for the lamp in a dark room—heavily switch has been incorporated in the filament, which is the little knob at the very top of the lamp which usually screws on in order to hold the shade tightly in position. And a luminous material has been molded into this plastic final so that it glows in the dark and guides your hand to the switch.

97 Percent of Burley Growers For Quotas

More than 97 percent of Kentucky Burley tobacco growers voted in the referendum October 25, approved three-year marketing quotas for the crop, M. D. Royce, State Director of the Production and Marketing Administration, said today in announcing final official results of the referendum for the State.
The total vote cast in the State was 94,638. Of this number, 92,289 were for quotas for 1947-48-49, 1,151 were for quotas for 1947 only, and 1,200 were against quotas. The vote against quotas in Kentucky was slightly less than 1 1/2 percent.
Under marketing quota law, a two-thirds favorable vote in a national referendum is required to adopt quotas after they have been proclaimed by the Secretary of Agriculture. The latest national referendum showed 55.9 percent of the Burley growers voting favored three-year quotas throughout the nation.
Burley tobacco marketing quotas have been in effect, by proper approval, in seven of the past eight years. In one year, 1939, quotas failed to receive the necessary two-thirds vote of approval.
Farmer Tests Show Hybrid Corn Value
"No more experimenting for me. It's all hybrid corn from now on," George Corum of the Goose Rock community in Clay County told Farm Agent William C. McClure. Mr. Corum figures he lost at least \$100 a year by not having the entire field planted to hybrid seed during the past two years when he has been comparing this variety with common corn.
Corum planted half his field with hybrid seed and half with common corn. He had the same fertilizer treatment and were planted and worked on the same days. When the corn was gathered, the common corn averaged 59 bushels per acre and the hybrid variety, 74.9. Stalks of the common corn were badly blown and twisted, while the hybrid corn had no fallen stalks.
This was the second year Mr. Corum had carried on this test. In 1945 he grew the common variety where the hybrid was the same this season. He experienced the same trouble with the common corn being blown down, McClure said.
